Chris,
Sorry for the delay.

To answer your two questions, we are talking about “total metals”.

Ex. 4 - CBI

Ex. 4 - CBI This improvement
will be included in the machine that we will be shipping to you soon.

Ex. 4 - CBI

I hope this satisfies your concerns.

All the best.

Ed

Hi Ed,

I hope all is well in the Sunshine State. I just talked to Jay and he said there was a non-hurricane storm last week that dumped another 10” of water at his place and he is dealing with sub-tropical plants gone wild.

I went through the test results you provided and had two question; perhaps you can answer them or forward on to WaterGen’s point of contact for the testing:

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

That's it for now. Everything else looks pretty straightforward. I will put together a brief summary next week and send to you and Jay to review.

Best Regards,

Chris

Subject: Test Results

Gentlemen,

Please find inclosed the results of the tests from the independent lab for the water generated by our 350. This is the machine that we intend to ship to your facility.

I hope all is well as I clean up a big mess in Key West.

All the best.
